HE RICHMOND DISPATCH.

A REGULAR FIELD-DAY FOR THE DEMOCRACY.

SENATOR DANIEL IN

Tyler on His Native Heath-Martin at Suffolk-Montague in Wythe-Great Speeches-Conventions and Nominations-Notes.

LOUISA, VA., October 11 .- (Special.)-There were two political meetings here to-day-one Democratic and one Repub-Senator John W. Daniel was on hand. He arrived here Sunday evening and was met at the depot by Hon. W E. Bibb, who entertained him that evening and night. After a night's refreshng sleep be looked like a plumed knight with full armor on, ready for the battle At 12:30, on the portico of the Piedmont Hotel, our Democratic county chairman, William Kean, stepped forward and in a few select and appropriate words in troduced Major Daniel as the great tribune and friend of the people. At the mention of his name there went up from the throats of the large crowd of people vast shout that shook the very air. This greeting was joined in heartily by the many fair and lovely ladies who L. occupied seats immediately around the

The Major began in a calm and dignified manner, which he maintained throughout his forcible and eloquent speech of two hours and a quarter. He discussed in an able and comprehensive manner the questions of free silver and the tariff, showing conclusively that without the restoration of silver to the position it held down to the crime of 1873, for which crime the Republican party, and it alone, was responsible, and a reduction of the present exhorbitant tariff, of which the Republican party is the godfather, the prosperity of the isses could never be restored. handling of the national issues elicited frequent applause from the crowd. which seemed to be enthusiastic on these

issues, and by indisputable figure: show-ed that for the past twelve years the best interest of the people had been subserved by the Democratic party, and that its record could not be criticised or impeached. He showed that with only a taxation of 40 cents on \$100 of property, we had met the expenses of our State Government, paid the interest on our public debt, and extended and made more efficient our public school system, but that notwithstanding this grand record the Democratic party of the State had pledged itself, at its coming term of the Legislature, to give the people yet greater economy and all benefits possible from a plain and honest government, and this pledge, arguing from its immortal principles and many precedents, he be-

He then paid a glowing tribute to our State ticket, and congratulated the old county of Louisa upon her choice for the Senate and the House, and stated that Dr. Wallace and Captain William B. Pendleton would not fall them if elected in their time of need nor disappoint their

Senator Daniel then returned to the uestion of national issues, and closed with a beautiful and eloquent peroration, their faith in Democracy, for in 1900 the wrongs of the people would be righted, when real Democracy would again triumph under that great leader and statesman, William J. Bryan, who, he would be the next President of the United States.

All in all, Senator Daniel made the most effective speech ever heard in Louisa. nee for Governor, spoke in behalf of the Republican ticket, but the crowd soon dispersed and Pat. didn't speak over thirty minutes. He stands no show it

TYLER AT FREDERICKSBURG.

He Is Warmly Received-Discusse State and National Issues.

FREDERICKSBURG, VA., October 11.-Hon. J. Hoge Tyler arrived here at 6:30 P. M. from Bowling Green, where he spoke to a large audience. He was met at the depot by Chairman Mc-Cracken and other members of the City Committee, who escorted him to the Ex-change Hotel, where a number of citi-zens were introduced to him. After supper he was escorted to the court-house, where at 8 P. M. he made his first appearance here in eight years. He accompanied by Secretary Button, the State Committee. Major Tyler began his speech by a fitting recognition of the reception accorded him by the large audience present. The speaker's first reference was to the support received from the Democrats of t vicinity at Roanoke. Ignoring all claims to oratory, he bespoke the support of

had the honor to be the head.

Major Tyler was in fine spirits, and his references to State affairs were carefully listened to and frequently applauded. After an exhaustive showing of how Virginia had gone back in the four years, some attention was given to national issues.

First, taking up the silver question, the speaker found an audience in full sympathy with his every utterance. Cer-tainly no speaker has ever visited Fredericksburg who had more reason to e satisfied with his reception.

There were many ladies present, who

enjoyed the anecdotes that were told. Taking up the question of the advance price of wheat, the speaker claimed that it was a curse rather than a blessing, enabling as it did speculators to manipulate the markets to own advantage. The speaker was ve emphatic in his reference to the sale the Fair-Grounds at Richmond for \$60.-600. When, a few years ago, he was a member of the board the property was. he said, easily worth several times that Major Tyler held his audie

Tyler Reception in Caroline-Demo-

cratic Nomination. BOWLING GREEN, VA., October 11 .-(Special.)-The Democratic campaign was opened in Caroline county to-day under most hopeful conditions. The Democrats in mass-meeting nominated Dr. W. D. Quisinberry for the House, and in a brief speech he accepted the nominabrief speech he accepted the nomina-tion, promising to support an election law that would be popular with the people, and to vote for a proper road law, and for curtailing expenses and re-ducing taxation. He introduced Major J. Hoge Tyler by saying that Caroline had furnished a Governor to Alabama, to Kentucky, and now proposed to

Major Tyler was warmly and enthusiastically greeted on his native soil. The crowd was an unusually large one, and manifested the deepest interest. A large number of ladies graced Major Tyler's audience with their presence. and accorded him a reception after his

publicans, or a few of them, were listen-ing to Lyons, the Republican candidate for Attorney-General, in the court-house. If the difference in the number of the people all during the two meetings is indication of the vote, a Democrafic majority in Caroline is assured. The Republicans decided not to nominate a candidate for the House to oppose Dr. Quisinberry, but, on the other hand, endorsed the Doctor, after Mr. Samuel E. to whom their nomination was red, declined to accept. I am informed that Mr. Samuel E. Pitts will accept the chairmanship of the Republican party in Caroline.

MARTIN IN SUFFOLK.

Makes a Good Impression-Republicans Nominate.

SUFFOLK, VA., October 11 .- (Special.)-The campaign was opened here to-day with a speech by Hon. Thomas S. Martin, before several hundred Democrats, in the court-house, County-Chairman J. E. West introduced Mr. Martin in an ornate speech, and the Senator then deivered a powerful address on the issues of the campaign. It was his first ap-pearance before our people, who were very much pleased with him. Mr. Martin's speech was a practical and logical presentation of solid facts. His araignment of the McKinley administra-ion and the Sugar Trust was very seand convincing. The address a masterly one, and Mr. Martin has won a warm place in the hearts of those who heard him.

Lambites held a mass-meeting here to-day to nominate a candidate for the House of Delegates, and Mr. George L. Barton was chosen. Mr. Barton is general manager of the Suffolk Carolina raffroad and of the Gay Manufacturing Company, and he says that his acceptance will depend on the views those corporations may take of the matter, as his business is too important to

The Brady Republicans also held a convention to-day to nominate a candidate for the House of Delegates, but adjourned without making a nomination. When it became known that the Lambites had selected Barton, a motion was made to endorse said nomination, and during the discussion of that motion the meeting adjourned, without taking a

PETERSBURG, VA., October 11 .- (Special.)—Strenuous efforts are being made to reconcile the differences in the Demo-eratic party in Dinwiddle county as represented in the two nominations for he House of Delegates made on Saturday, and several conferences have been held with that end in view. There are hopeful signs of the success of The people of the county are anxious that the party there shall be united in the fight, especially in view of the fact that the Republicans, after lately deciding not to make a nomina tion, have suddenly determined to put a andidate in the field. This determination was arrived at late on Saturday after the Democratic convention It is said the Republican convention wa called for to-night, and that Mr. J. N. Beck would be nominated. STATE TO GET PART.

VIRGINIA TO GET \$100,000 FROM THE GINTER ESTATE.

TAX ON COLLATERAL INHERITANCES.

A Recent Act of Assembly Which Except That Made to the Brother of the Decedent.

The State of Virginia will, to all appearances, be one of the largest beneficia ries in the distribution of the vast estate of Major Lewis Ginter. Her interest amounts to about \$100,000, and is derived from the act passed by the General Asembly at its last session imposing a tax of 5 per cent. on collateral inheritances. This act, which was app wed February

14, 1896, contains these provisions: "That where any estate within this Commonwealth of any decedent shull pass under his will or the laws regulating descents and distributions to any other person or for any other use than to or for the use of the grandfather and grandmother, father, mother, husband, wife, brother, sister, or lineal descendant of

every \$100 value thereof. "The personal representatives of suc

or person to whom the estate may descend by operation of law failing to pay such tax before the estate on which it is chargeable is paid or delivered over (whether he be applied to for the tax or not) shall be liable to damages thereon at the rate of 10 per centum per annum from the time such estate is paid or delivered over until the tax is paid, which damages may be recovered, with the tax on motion against him in the said court in the name of the Commonwealth." According to this law, which but few

people knew was on the statute books, all of Major Ginter's bequests save that of \$40,000 to his brother, are subject to the tax. The bequests, aggregating about \$2,000,000, would make the total tax to be paid just one-twentieth of this amount, or \$100,000.
